JMH Supports Our Community Partners to Support Our Community

(partial list)

Through our partnerships, we address:

Social Determinants of Health

JMH Faces Challenges that Impact Everyone – in Healthcare and in Our Local Community

- Unfunded state **seismic** safety mandates
- **Medicare and Medi-Cal** losses due to chronic underfunding
- **HR1's** potentially devastating cuts to the safety net
- **Affordability** of health care services

HR1 Impacts to JMH – Access to Care Threatened for All Contra Costa Residents

- Real-world consequences here in Contra Costa County:
 - Reduced Medi-Cal enrollment
 - Direct and indirect revenue constraints
 - Increased number of uninsured patients
 - Increased ER visits and wait times
 - Sicker patients in the hospital longer straining bed capacity
- If all parts of HR1 are enacted, JMH stands to lose **\$300M+** in revenue – and working families in Contra Costa County will see premiums rise **+15% or more**
- HR1 impacts are in addition to rising labor costs (**+30%** over 5 years) and **\$2Bn+** in unfunded state seismic compliance costs
- If left unchecked, HR1 cuts will force difficult choices about services, facilities, jobs, community benefit support, and access to care

So where does all this leave John Muir Health?

***We will be here to serve the community
and fulfill our mission. Clarity of purpose
is more important than ever.***
